

MATT BERRY

WEB DEVELOPER

PROFILE

I'm a 20 year old creative individual, and I'm constantly motivated by developing new skills. I recognize the pace at which technology changes, and remain as eager as the day I started coding to develop awesome platforms.

EDUCATION

Western University

BSc., Computer Science
2017-2019

St. Thomas Aquinas

High School Diploma
2012-2016

EXPERIENCE

Freelance Web Developer

Codeberry | November 2018 - Present

- Using HTML, CSS, JavaScript, jQuery, PHP, and related frameworks and libraries to develop dynamic and responsive websites.
- Working with Git & Github to practice version control.
- Effectively communicating with clients. From the initial design phase to the development phase, ensuring they felt properly represented and were happy with their contributions.
- Provided different options using different languages and libraries depending on the project goal or client preference.

Web & Graphic Designer

MBTC (Small Business Owner) | Jan 2015 - April 2018

- Used Adobe Illustrator & Photoshop (CS6) for wire-frame, web, and graphic design.
- Used Wix and Wordpress to design and publish static, dynamic and eCommerce websites.
- Worked with Wix API's and Databases, as well as jQuery to create dynamic websites.
- Effectively communicated with clients from the initial design phase through the development phase, working with the various CMS's to make their desired design possible.
